Dr. Wanita Mercer, Ph.D.
Founder/CEO

Dear Heart Leader,

I am honored to serve as the founder/CEO and Chief Heart Leader of Lead My Heart (LMH), an executive coaching and consulting company that is dedicated to helping leaders achieve their full potential. It's my business to bring you the best of life coaching, leadership development, and consulting together for indelible and transformative results. I believe that leadership is a divine appointment and assignment, and I am passionate about equipping leaders to fulfill their purpose and live an aligned, balanced, and chill life. You will find that belief is the beginning of what differentiates me from other executive coaches and consultants.

I've been a leader and disruptor to status-quo since I was in pre-school, and everyone who knows me knows I am a force to be reckoned with. I know God made me to equip and empower leaders in a unique way. My purpose is my anchor. I believe that aside from knowing how much Jesus loves you, knowing your purpose is the second most powerful revelation you will ever have. I live and lead with purpose, passion, and power, and that is what I desire for every executive I work with.

I am an atypical coach who renders atypical results. From researcher to international educator to ordained minister, my well-rounded background has provided me a distinctive set of skills to serve my clients uniquely well. Lead My Heart is my heart for leadership and life. Thank you for giving me the opportunity to share my heart with you. God bless you, your family, and all of your endeavors!

Blessings,

care for the leader's heart.

Lead My Heart focuses on the innermost aspect of spiritual beings: the heart. We believe that a leader's inner life shapes their outer actions and decisions, and that by addressing the heart, we can empower leaders to live and lead with purpose, passion, and power. Our approach is holistic, addressing not just the professional but also personal and spiritual aspects of leadership. We use a combination of data-driven research, experience, and biblical teachings to help leaders align their hearts with their divine purpose, find balance in their personal and professional lives, and develop the discipline and self-awareness necessary to lead effectively.

LEAD MY HEART

we stand out.

Purpose-Driven

We start with helping executives to identify their divine purpose and then work on aligning their life with purpose as the anchor, unlike other EC programs that only focus on the mission of organizations.

3D Focus

All of our programs target three areas of growth: disciplines, development, and discipleship, where as other EC programs focus on professional development only.

12D Wellness*

We take a holistic approach to wellness with our comprehensive 12D wellness assessment, whereas other EC programs just focus on physical, mental, or emotional wellness.

- Pertains to one-to-one executive coaching only

Christian

We provide a faith-based program that includes data-supported strategies and biblical teachings, unlike other EC programs that are completely secular.

The ABCs of Fulfillment

We teach our clients how to live a fulfilling life that is as simple as ABC: align, balance, and chill. Other EC programs may tell you should live a fulfilling life, but can't tell you how. We do!

Customizable

We provide original content and unique strategies to help you achieve your goals. Unlike other rigid EC programs, we will grow with you to meet your needs.

An Atypical Coach

Have you met Dr. Mercer? If so, then you know why we stand out from other EC programs. She's intelligent, talented, in love with Jesus, and passionate about her work. [Learn more.](#)

Executive Team Coaching

We not only work with executives, we also work with executive teams. Unlike other EC programs that only focus on the individual, we understand that an executive is only as successful as their team.

live and lead with purpose.
